

Öffentliche Präsentationen an der Fakultät für ChemieTermin: 13.12.2024, **11:30 Uhr**

Ort: per Videokonferenz

Zeit	Doktorant*in	Arbeitstitel	Betreuer*In	Diss- gebiet
öffentlich				
11:30	Robert Richstein	Applications for Nanoparticles in Catalysis and Sensing	Assoz. Prof. Mag. Dr. Michael Reithofer Assoz. Prof. Jia Min Chin, PhD	Chemie
11:45	EL Czar Galleposo	Engineering and Investigation of organic materials for application in electrochromic materials and light-harvesting systems	Univ.-Prof. Davide Bonifazi, PhD	Chemie
12:00	Lorenzo Riccio	Synthesis and development of functional coating strategies for iron carbide nanoparticles in magnetic and optical hyperthermia applications	Univ.-Prof. Davide Bonifazi, PhD	Chemie
12:15	Florian Call	The influence of in vitro digestion and metabolization on the toxicity of Alternaria mycotoxins	Univ.-Prof. Dr. Doris Marko	Chemie
